We don't want money to be a barrier to your child coming to camp. Berkley gets many camp scholarship requests every year, and we want to help as many children as possible. This means spreading out the scholarship money. We ask you to cover as much of camp as you are able to, so a minimum payment for each child is required.

Below is a table showing the cost of camp and the scholarship options available. Please circle the scholarship amount below that you are requesting.
