What is the Greater you have been dreaming about, fasting and praying for?

In what ways have you started to experience Greater in this season of fasting and digging deep?

When you started this journey, you had a specific idea or picture in your mind of what Greater looked like. As you started praying, fasting and digging deep have you seen the picture start to change at all? If so, how?

The 21 day fast is just about over and hopefully, there has been some significant stretching, insight, and growth that has come about because of it. Instead of just going back to the way things were before the fast; what intentional changes or adjustments can you make to ensure that you keep growing?

Read: Joshua 6:2-20 and look for the specific details that God gave his people about what they were supposed to do.

What are some specific things that God outlines in His Word that He wants us to do intentionally? If you are having trouble coming up with stuff, take a look at a few of these scriptures.

- \* 1 Thessalonians 5:16-18
- \* Philippians 4:4-9
- \* John 13:1-17, 34-35
- \* James 1:27
- \* Matthew 28:19-20

What are some daily, intentional next steps that you can start taking?

Why do you think it was important for the Ark of the Covenant to be at the center of their march around the city? What kind of impact might it have had on the soldiers?

What does it look like for you to have God at the center of your daily, intentional next steps?

What is the danger or possible problem that may come from trying to take these steps on your own?  
(Philippians 2:12-13, 4:13, Deuteronomy 31:6, 2 Corinthians 12:9-10)
