What helps you do right when it seems like everyone around you is doing wrong?

How have you experienced the idea that, "Right living today leads to the right opportunity tomorrow?"

What does your current walk (righteousness) say about what you will be prepared for in the future?

Read Psalm 1

What are some practical differences between the ways that the wicked and the righteous walk?

According to this scripture, what is the difference between where the wicked and the righteous end up on their walk?

Read: Genesis 7:1

Because Noah found favor with God, so did his family, which helps us to see that our sphere of influence with our family, friends, and peers is so important.

If you have someone in your life that is your "lifesaver," someone needing salvation, how can you continue to make a difference in his or her life? What is one character trait of Jesus that you need to portray to continue to influence and guide them into a relationship with the Lord?

Think About It

God often can speak to us through a whisper. This week spend some time listening to God's voice. As He begins to speak to you, write out the things He is saying. It could be to call someone you haven't spoken to in a long time. Restore a broken relationship. Seek help for an addiction. Draw closer to Him in your personal relationship.

Act on It

As you spend your week in prayer and discovering the things, God is telling you, commit to responding. If the Lord is asking you to call someone, witness to someone, change something in yourself, make a promise that you will begin to respond and react. Make sure and take notes of the things the Lord speaks to you this week, and how you respond. Come prepared next week to share a few of these with your small group.
