This past week we discussed our need to keep moving forward in our relationship with Jesus and how sometimes we get stuck along the way. What are some common pitfalls or things that we get hung-up on in our pursuit of Jesus?

Is there something specific that is keeping you from "Moving" toward Jesus right now? If you know what it is, what can you do to remove it?

There are five stages we discussed:

1. Explore 2. Experience 3. follow 4. Grow 5. Reproduce.

Of these five stages, which one best represents where you are right now?

What specific steps do you need to take to move to the next stage?
